

## ASA- GROUND HANDLING ANNUAL REVIEW INVITATION

Dear Ground Handling Professional,

Brussels, 18 September 2019

The Airport Services Association (ASA), based in Brussels, Belgium, is the global trade association for the independent ground handlers and their direct providers and suppliers as associates. We are excited to announce that we have now opened up membership applications for 2020 to independent ground handlers across the globe.

Given your impeccable reputation and the importance of your company in the industry, we would like to extend this invitation to you to join the leading ground handling companies to develop ideas, shape the future and address the multiple regulatory issues that proliferate in all corners of the world, including yours, together.. This is the best way to give our industry the place it deserves in the air transport value chain.

As a member of ASA, you will be able to share with like-minded companies your operational or regulatory concerns and challenges, and identify and implement common responses for the benefit of our industry and its stakeholders. By joining ASA, you can make sure that your voice is heard.

All it takes is for you to indicate your willingness to join as a Member of our community, which now counts over 50 members. Our Secretariat, and of course the undersigned, will be more than happy to answer all the queries you might have. If you would like to know more about the way the Association works, we would be delighted to welcome you or one of your representatives at our forthcoming Annual General Meeting (AGM): The ASA - Ground Handling Annual Review as an observer.
